Botify

G-STAR uses the **Botify** PageWorkers as described here:

<https://support.botify.com/en/articles/9131625-pageworkers-technical-overview>

Purpose: PageWorkers, within the Botify solution, primarily focuses on processing anonymized data for statistical purposes and does not aim to track users over time.

Function: PageWorkers automatically updates elements in our site's pages for Search Engine Optimization purposes and displays them to bots, users, or both. It processes limited personal data, such as IP addresses, solely for delivering the tag to the website visitor.

Lifespan: No client-side identifiers are stored in the user's browser for any duration.
